Organizing Dept./ Committee	Department Computer Science
Name of the Teacher	**Mr. Sagar V. Shetage** Program Coordinator
Day and Date	20/10/2021
No. of Participants	60
Time	9:30 am to 10:30 am

Detail Report:

Shahid Virpatni Laxmi Mahavidyalaya, Titave. Department of Computer science organized guest lecture on 20th October 2021 related to Soft skill development.

For this event one of the special and knowledgeable guest Mr. **Aniket Hulle,** Founder, hulle's Spoken English academy, Kolhapur delivered lecture on "Soft skill development." Event started with welcome and introductory speech by Mr. Sagar shetage. Then **Mr. Aniket Hulle** started his graceful and informative presentation to all.

Mr. **Mr. Aniket Hulle** is a good motivational speaker, Resource person, Soft Skills, Body Language and Personality Development Trainer. He gave many Guest Lectures on topics like Personality Development, Soft Skills, Engineers, Engineering Technology and its impact in the future (both positive and negative). His strength lies in inspiring and motivating people, helping them to bridge the gap between whom they are and who they can be. His effective speeches have created a lasting impact by bringing about the desired realization amongst thousands of participants whom he have addressed so far, where he had touch, turn and transform their lives through his training.

He motivated the students by telling about the importance of Personality development as well as the Soft Skills. He made the students actively participate in programme. He said that students must develop their inner strength. Getting aware of and adjusting to the life is called as Personality Development. Mere gaining of an academic degree does not guarantee a graduate being successful. Along with degree, he/she must possess soft skills which are essential in getting a job and doing that job successfully. The challenges at the workplace require various Business skills and Positive Attitude, which are not part of the curriculum in many institutions today.

He told that developing personality is very crucial in a person's life. We need to accept whatever happens in our life and we have to face it and keep going. Nothing is important than our lives. We should not take foolish decisions if something goes wrong. People usually commit suicides due to lack of inner strength. He spoke on different key soft skills like self-confidence, inner strength,

Goal Setting, Time Management, Positive Attitude, Self Esteem etc., which will help the students achieve success in their lives. He also used some videos to Supplement his lecture. He also gave many real life examples which influenced his life.

He said that without a Goal, one cannot achieve anything in his/her life. We need to maintain a good health which is very important in achieving our goals. He also stressed on the importance of effective Time Management. It is only a matter of understanding the strengths and weaknesses and working on them is personality development.

He also spoke on importance of improving Communication Skills, which is key to success but at the same time he said that Language cannot be a hindrance in expressing their feelings and ideas. Without communication human survival is not possible. As a student, to be successful both in personal and professional life, one needs to develop his communication skills. Developing communication skills is important to be successful both in his academics, in getting a job and to be successful in that job. Being able to communicate effectively is a vital skill, Which keeps a person out of crowd/special? At the end of the session he made some students come on to the dais and express their views.

The session was concluded by vote of thanks by Miss. S.S. Warake madam. Anchoring was done by Mr. Sagar Shetage (H.O.D., computer science). Total 60 students and faculties of our college were participated in this guest lecture.
