## DEPARTMENT OF SCIENCE

### Notice

Date: - 26/02/2021

All the Students are hereby informed that Department of science is going to celebrate **World Wildlife Day** dated on 03 March 2021 Wednesday. All the students are compulsory attain to this program.

### **Detail Report –**

On the occasion of world wild life day the faculty of science organized lecture on the theme of this years World wild life day is “Forests and Livelyhoods sustaining people and planet” on 3<sup>rd</sup> March 2021.

Mr. Rahul Kamble Sir said, about why we celebrate and raise awareness of the worlds wild animals and plants. He said, this years theme is a way to highlight the central role of forests, forest species and ecosystems services in sustaining the livelyhoods of hundred of millions of people globally and particularly of indigenous and local communities with historic ties to forested and forest adjacent areas. Between 200 and 350 million people live within or adjacent to forested areas around the world, relying on the various ecosystem services provided by forest and forest species for their livelihoods and to cover their most basic needs, including food, shelter, energy and medicines.

Indigenous peoples and local communities are at the forefront of the symbiotic relationship between humans and forest, forest-dwelling wildlife species and the ecosystem services they provide. Roughly 28% of the world’s land surface is currently managed by indigenous peoples, including some of the most ecologically intact forests on the planet. These spaces are not only central to their economic and personal well-being, but also to their cultural identities. Forests, species and the livelihoods that depend on them currently find themselves at the crossroads of the multiple planetary crises we currently face, from climate change, to biodiversity loss and the health, social and economic impacts of the COVID-19 pandemic.

On March 3 2021, World Wildlife Day will celebrate forest-based livelihoods and seek to promote forest and forest wildlife management models and practices that accommodate both human well-being and the long-term conservation of forests, forest-dwelling species of wild fauna and flora and the ecosystems they sustain, and promote the value of traditional practices and knowledge that contribute to establishing a more sustainable relationship with these crucial natural systems.

Then vote of thanks did by Miss. Rutuja Kamble and Anchoring did by B.sc. I and Dmlt I year students Akshata Patil and Pooja Bhosale. HOD Rahul Kamble, and all teacher staff, students were present for this event.

Students Attendances sheet

Sr. No.	Name of the Students	Class	Signature
1.	Namrata Ramchandra Kamble	D.M.L.T	NKamble
2.	sonali Sakham Tashildar	D.M.L.T	S.S.T
3.	Aishwarya Parshram Ambi	D.M.L.T	A.P.A
4.	Rupali tanaji Kamble	D.M.L.T	R.T.K
5.	Asmita krushnat Kamble	D.M.L.T	A.K.K
6.	Rutuja Balavant Varute	B.Sc I	RUTU.
7.	Raut priyanka Bajirao	B.Sc I	P.B.B
8.	Joshi komal Tanaji	B.sc. I	KJoshi
9.	Dongale Radhika Dayanand	BCA -II	Pingule
10.	Patil Ulka vishnu	BCA -II	Pulka
11.	Dongale priyanka Satappa	BCA -II	Prade
12.	kamble Ankita Dilip	BCA -II	K
13.	kamble Divya Kashinath.	BAMM-I	Kamble
14.	Kavade Rajeshwari Shivaji	BAMM-I <sup>st</sup>	Kavade
15.	Ghonge shubhangi sambhaji	BAMM-I <sup>st</sup>	GSJ
16.	Patsrabkar Tejaswini Jaysing	BAMM-I	Patsrabkar
17.	Patil Prurati Dhanaji	BAMM-I	Patil
18.	Lohar Deepali Kakasa	BAMM-I	Lohar
19.	Bhosale Gita vishnu	BAMM-I	Geeta
20.	Jadhav Aishwarya Bhanu.	BAMM-I	Jadhav
21.	Varate Aparna Tukaram	BAMM-I	Varate
