Then Chief Guest Speech Dr. Sagar Vhanalkar said that, Biodiversity is the variety and variability of life on Earth. Biodiversity is typically a measure of variation at the genetic, species, and ecosystem level. Terrestrial biodiversity is usually greater near the equator, which is the result of the warm climate and high primary productivity. It provides food of all types. It provides fibers, sources for the preparation of clothes. It provides different types of oil seeds for the preparation of oils. It provides new varieties of rice, potato etc. through the process of hybridization. It provides different drugs and medicines which are based on different plant products. It is very essential for natural pest control, maintenance of population of various species, pollination by insects and birds, nutrient cycling, conservation and purification of water, formation of soil etc. All these services together are valued 16.54 trillion dollars per year. Also they Says we took step towards conservation of Biodiversity and Save the Natural clematises.

Than Mr. Rahul S. Kamble gave his Presidential Talk than Miss. Rutuja A. Kamble did Vote of thanks.
