Detail Report:

Department of Diploma in Medical Laboratory Technology and B.A. Mass Media on 19 April 2022 at the Ganapati Temple in Turambe HB and Blood Group Testing Camp and People were planned to be counseled.

We conducted camp in Turambe village. We did this camp concern with Ganapati Temple of Turambe. For this Ganapati Temple Committee members were present. Almost 70 devotees participated in camp. In these camp ladies and gents were present. Especially gents were interested to check and count blood group and HB respectively.

Out of these 70 devotees more than 35% had B + ve group & 34% had O +ve group .Most important thing is only 4% devotees found AB +ve blood group. From this we concluded that 1 or less than 1 % peoples have B- ve group and also we found that A - ve blood group peoples were less than 1 %.

At this time, mass media students created awareness among the people about health services. He also did great social work of counseling people.

The camp received a huge response and their response was shot by mass media students. Mr. Rajendra Makote Sir as well as Heads of Departments of DMLT and BA Mass Media Department and teachers were present during the camp.
