Detail Report –

Shahid Virpatni Laxmi Mahavidyalaya, Titave. Faculty of science organized guest lecture on “ Stri kalchi Ani Ajachi”. Expert guest Savita Kamat conducted lecture on “ Stri kalchi Ani Ajachi”.

Function was Started by welcomed guest Savita Kamat Mam, all teaching, non-teaching staff and students .which was done by faculty head Ahilya patil .Savita Kamat Mam started his lecture very gracefully on the topic“ Stri kalchi Ani Ajachi”. She gave lots of “The best thermometer to the progress of a nation is its treatment of its women. There is no chance for the welfare of the world unless the condition of women is improved.” — Swami Vivekananda, Indian Hindu monk. The Real Picture.

She said that women increasingly becoming independent economically, men are being forced to take up new responsibilities, which were earlier considered "women's work." Far more than International Women's Year, the economic situation and basic necessity have forced both men and women to re-examine traditional, existing social situations. In this guest lectures, we have tried to show what the status of women has been the in the past, what is affecting it at the present time and what can be expected in the future.

The prime problems women face in India are really the problems of the whole country; but they are fortunate in that they have achieved a great deal. They have the vote of course; they have legal rights, abortions has been legal for many years now; they can aspire or be elected to any office in the country that men have access to

Society needs to understand that a woman is key to the survival of human species. She is the backbone of the development of civilizations. When the status of women improves, the quality of life improves for everyone.After his informative talk session open for questioning students free for their valueable feedback on stage.

Anchoring of this event was done by Student Miss. Akanksha Anajekari Patil and vote of thanks done by Miss. Shubhangi Vaidya.
