Detail Report:

Shahid Virpatni Laxmi Mahavidyalaya, Titave. Department of B.A. Mass Media organized guest lecture on 14th Dec. 2020 on the occasion of Energy Conservation day.

For this event one of the special and knowledgeable guest **Prof. M.B.Patil** (Head, Department of Electrical Engineering, SGM College, Mahagaon) delivered lecture on "Role of media to educate the peoples about Energy Conservation." The lecture was conducted through online mode by using Google Meet. Event started with welcome speech by Mr. Digvijay kumbhar, Assistant Professor from B.A. Mass Media department Mrs. Rohini S. Salunkhe introduced the eminent guest. Then **Prof. M.B.Patil** started his graceful and informative session to all.

The outline of his lecture was, how environment provide us no. of energy sources. They also explained difference between renewable and Non-renewable energy sources. Electrical energy is going to very popular energy source in future. With considering the future exhaust nonrenewable energy source we are totally dependent on renewable energy sources. Also pollution is a major issue caused by fuels we are burning today. To avoid such harmful problems, pollutions, global warming we have to switch either renewable energy sources or electrical energy.

Media persons have a medium to connect with society. They can easily interact, convince, and educate the peoples. The media has been constantly working to bring about change in the society. Awareness will be created among the people if the media consistently provides information about energy sources and their prudent use.

The session was concluded by vote of thanks by Miss. Aarati Sutar (S.Y. B.A. M.M.). Anchoring was done by student Miss. Divya Kamble (S.Y. B.A. M.M.). Total 30 students and faculties of our college were participated in this guest lecture.
